

## February – Cacher of the Month

**Caching Name: TeamT&A**

**Real Name: Alex Ronda**

- 1. How did you become involved in geocaching?**  
Heard about it through the media/news and wanted to try something that my wife (Tara) and I could do together. She didn't get addicted like I did unfortunately.
- 2. How did you choose your caching name?**  
Another cacher (Team Freeman) suggested it b/c of our names (Tara & Alex) and b/c of the obvious innuendo!
- 3. What type of cache do you prefer seeking – traditional, multi, and puzzle, virtual?**  
Any I can get my signature on! But I especially enjoy yakking.
- 4. Which caches were the most challenging, either physically/mentally?**  
Climbers, especially "Tickle the Sky" (GC18K1G), are tough physically. Any puzzles are mentally challenging (i'm not much of a puzzle solver).
- 5. What are your current geocaching goals?**  
Finishing up my Jasmer grid. I have 6 boxes to fill. We're planning a Georgia trip in March.
- 6. Where have you always wanted to go caching but haven't?**  
Really anywhere out of the country, and the West coast.
- 7. What is your most memorable caching experience?**  
I would have to say "The Spot" (GC39), that was a great hike w/ amazing views.
- 8. What do you like about geocaching?**  
Getting outside and exploring/hiking new areas. I hate sitting around.
- 9. Do you have some favorite caches in the area?**  
As far as DE goes, "Your Key to Cache" (GC3DYTT) was awesome, "Delaware's Iron Age" (GC167V6) was a cool EC, and we enjoyed "DGT New Castle Court House" (GC1YQ68) because of the history.
- 10. Do you have any other hobbies or interests?**  
Used to play a lot of hockey up until last year, but it got in the way of caching!
